

Biostatistics Review Certificate

To whom it may concern,

I certify through the present that I verified the statistical analysis performed in the study **"Comparative evaluation of standard prophylaxis versus splitted-dose NSAIDs or hybrid NSAID and N-acetylcysteine therapy for the prevention of post-ERCP pancreatitis"**, authors: *Laura Pavel, Gheorghe Gh Balan, Alexandra Nicorescu, Georgiana Emmanuela Gîlcă Blănariu, Catalin Sfarti, Stefan Chiriac, Smaranda Diaconescu, Vasile Liviu Drug, Gheorghe Balan and Gabriela Stefanescu*, and the statistical procedures were applied correctly and accurate.

Lect. PhD Dascalu Cristina Gena
Medical Informatics and Biostatistics Department
Faculty of Medicine
"Grigore T. Popa" University of Medicine and
Pharmacy, Iasi, Romania
