

Biostatistics statement

17 June 2019,
To Whom it may concern,

This statement is to confirm that I have read the manuscript entitled 'Honokiol-enhanced cytotoxic T lymphocyte activity against cholangiocarcinoma cells mediated by dendritic cells pulsed with Damage-associated molecular pattern' (MS no. 47869) and that in my opinion the statistical methods are appropriate for the research work.

Please contact me if you have any enquiries.

Sincerely Yours,

Assistant Professor Dr. Katechan Jampachaisri, Ph.D.
Division of Statistic, Department of Mathematics,
