

CERTIFICATE OF BIOSTATISTICS

7-NOV-2023

To whom it may concern

Title of Study: **Effect of special types of bread with selected herbal components on postprandial glucose in diabetic patients**

Chief investigator: Drasko Gostiljac, MD, PhD, Clinic of Endocrinology, Diabetes and Metabolism Disorders

The study is interventional, non-randomized clinical trial with aim to evaluate positive effect of novel bread on glucoregulation in diabetic patients.

This letter confirms that I have read the ethics application prepared for this study, and that in my opinion, the statistical methods and techniques mentioned are appropriate for this research.

Please contact me if you have any queries.

Sincerely,

Prof. Dr. Ivan Soldatovic, MD, PhD, Faculty of Medicine, University of Belgrade, Department of Biostatistics and Informatic
