The statistical methods of this study were reviewed by Park Bogan and Shaakir Hasan, both employees of the Allegheny Health Network.

Mr. Bogan has a bachelor's degree in Psychology and Public Health from Mercyhurst University in Erie, Pennsylvania, where he was also trained in biostatistics. He has extensive experience with Statistical Package for the Social Sciences (SPSS).

Dr. Hasan has Master's degree in biomedical science from Barry University in Miami, FL, where he trained in biostatistics. He has over 5 years of experience with SPSS and MedCalc software.

All statistical analysis from "Hepatocellular Carcinoma (HCC) with Child Pugh-A Cirrhosis Treated with Stereotactic Body Radiotherapy (SBRT)" was reviewed by both statisticians and deemed appropriate.
