Title of Study: Pretreatment serum albumin-to-alkaline phosphatase ratio is an independent prognosticator of survival in patients with metastatic gastric cancer

Chief investigator: Yong Gan

Department of Social Medicine and Health Management, School of Public Health,
Tongji Medical College, Huazhong University of Science and Technology.

This letter is to confirm that I have read the ethics application prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Please contact me if you have any queries.

Sincerely.

Yong Gan

A handwritten signature in black ink that reads "Yong Gan". The signature is written in a cursive, flowing style.
