

December 27, 2021

Dear Drs. Ahmed, Burada and the *World Journal of Gastrointestinal Oncology* Editorial Board,

I, **Henry T. Bahnson MPH**, certify the statistical analysis of the article entitled:

Contemporary, National Patterns of Surgery after Preoperative Therapy for Stage II/III Rectal Adenocarcinoma

The analysis was performed and verified by me personally and I am serving as an author on this manuscript. This certificate may be delivered to the concerned persons for any purposes for which it may be required.

Thank you for your consideration.

Henry T. Bahnson
Director of Biostatistics for the Center for Interventional Immunology
Principal Biostatistician, Immune Tolerance Network
