Master's Student  
Epidemiology and Clinical Research

---

November 29, 2022

To Whom It May Concern:

**Title of Study:** "Multicenter evaluation of local recurrence in endoscopic submucosal dissection and endoscopic mucosal resection: a Western perspective"

**Chief Investigator:** Shai Friedland, MD, MS, Professor, Department of Medicine, Division of Gastroenterology and Hepatology, Stanford University School of Medicine

This letter is to confirm that I have read the protocol and methods prepared for this study, and that in my opinion the statistical methods and techniques mentioned are appropriate for the research. Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'mjzhou'.
