Biostatistics Certificate

To Whom It May Concern,

Title of Manuscript: Obeticholic Acid Attenuates HIV/Alcohol Metabolism-Induced Pro-Fibrotic Activation in Liver Cells.

Investigator: Dr. Natalia Osna, Department of Internal Medicine, University of Nebraska Medical Center, Omaha, NE-68105, USA.

This letter is to confirm that I have read the ethics application prepared for this study and that in my opinion the statistical methods and techniques mentioned are appropriate for the research.

Sincerely,

Moses New-Aaron, MPH, MLS (ASCP)
