Rio de Janeiro, June 02, 2020

CERTIFICATE

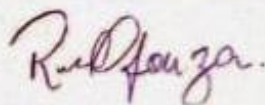

I, Rebecca de Oliveira Souza, consultant in D'Or Institute for Research and Education, certifies that the statistical analysis of article entitled:

"Can gadoxetic acid-enhanced magnetic resonance imaging be used to avoid liver biopsy in patients with nonalcoholic fatty liver disease?"

was performed and verified at our Institute.

His certificate is delivered to the concerned person for any purposes for which it may be required.

Rebecca de Oliveira Souza
M.Sc. in Statistics
