

BIostatISTICS STATEMENT

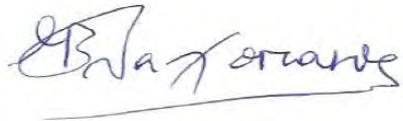

Name of Journal: World Journal of Transplantation

ESPS Manuscript NO: 28777

Manuscript Type: Evidence-Based Medicine

Corticosteroid minimization in renal transplantation: careful patient selection enables feasibility

Biostatistics statement: This manuscript follows a narrative review pattern and summarizes data as have been reported in published literature to date. It is not a basic or clinical research study. There were no new patients studied and no new data compiled. Therefore, there was no use of biostatistical tests.

A handwritten signature in blue ink, appearing to read 'G. Vlachopoulos', with a horizontal line underneath it.

Georgios Vlachopoulos, on behalf of the authors. Date: 22/9/2016.
