

## Informed Patient Consent

**Name** of person described in article or shown in photograph: M P Rungta

**Subject** matter of photograph and article: Regarding disease and CT images

**Title of article:** *Hypertension in the Liver Clinic- Polyarteritis nodosa* in a patient with Hepatitis B

**Corresponding author:** Shalini Thapar Laroia

I, M. P Rungta gives my consent for this information about MYSELF/MY CHILD OR WARD/MY RELATIVE relating to the subject matter above ("the Information") to appear in a scientific journal. I have seen and read the material to be submitted to the journal

I understand the following:

- (1) The Information will be published without my name attached and the concerned journal will make every attempt to ensure my anonymity
- (2) The text of the article will be edited for style, grammar, consistency, and length
- (3) The Information may be published in the journal, which is distributed worldwide. The journal goes mainly to doctors but is seen by many non-doctors, including journalists.
- (4) The Information will also be placed on the journal website,
- (5) \*The Information may also be used in full or in part in other publications and products published by the journal concerned or by other publishers to whom the journal licenses its content. This includes publication in English and in translation, in print, in electronic formats, and in any other formats that may be used by the concerned journal or its licensees now and in the future. In particular the Information may appear in local editions of the journal or other journals and publications published overseas.
- (6) The concerned journal will not allow the Information to be used for advertising or packaging or to be used out of context.
- (7) I can revoke my consent at any time before publication, but once the Information has been committed to publication ("gone to press") it will not be possible to revoke the consent.
