

Name of Journal: World Journal of Gastroenterology

Manuscript Type: RETROSPECTIVE COHORT STUDY, CASE CONTROL STUDY

Triggers of histologically suspected drug-induced colitis.

Thorsten Brechmann, Katharina Günther, Matthias Neid, Wolff Schmiegel, Andrea Tannapfel.

Informed Consent Statement: Patients were not required to give informed consent to the study because of the retrospective design. Analysis used pseudonymous data that were obtained after each patient agreed to colonoscopy by written consent.

Sincerely Yours

A handwritten signature in black ink, appearing to be 'T. Brechmann', with a long horizontal stroke extending to the right.
