### Consent Form for Case Reports

**Case Report: Transcatheter Aortic Valve Replacement in Membranous Interventricular Septum Aneurysm with Left Ventricular Outflow Tract Extension.**

**Principal Investigator: Sudhir Mungee MD, FACC, FSCAI**

You are being asked to consider allowing Dr. Sandeep Banga to use information about your TAVR procedure to write what is called a case report. Case reports are typically used to share new unique information experienced by one patient during his/her clinical care that may be useful for other physicians and members of a health care team. A case report may be published in print and/or online for others to read. This form explains the purpose of this case report. Please read this form carefully and take your time to make your decision and ask any questions that you may have.

The purpose of this case report is to inform other physicians that TAVR can be done in the patients with interventricular septal aneurysm with left ventricular outflow tract extension.

Your information being used for this case report includes the aortic prosthetic valve can be implanted in patients with interventricular septum aneurysm

We as co-authors including **Dr. Sandeep Banga, Marco A. Barzallo, Casey L. Nighswonger, Sudhir Mungee** are obligated to protect your privacy and not disclose your personal information (information about you and your health that identifies you as an individual e.g. name, date of birth, medical record number). When the case report is published or presented, your identity will not be disclosed.

Although your personal information collected or obtained will be kept confidential and protected to the fullest extent of the law, there is a limited risk associated

with this case report that could result in a loss of confidentiality by virtue of your unique experience.

You will not directly benefit from participating in this case report. The information that can be shared with other health care professionals, however, may improve the care that is received by others in the future.

Allowing your information to be used in this case report will not involve any additional costs to you. You will not receive any compensation.

Taking part in this case report is your choice (voluntary). You may choose not to take part or you may change your mind at any time. However, once the case report is written and published, it will not be possible for you to withdraw it. Your decision will not result in any penalty or loss of benefits to which you are entitled including the quality of care you receive.

You will be told about any new information relating to this case report that may affect you.

Your signature below means that you have read the above information about this Case Report and have had a chance to ask questions to help you understand how your information will be used and that you give permission to allow your information to be used in this case report.

If you have any questions please contact Sandeep Banga who is the corresponding author at (309) 550-6820.
