

## Informed Consent Statement

Name of Journal: World Journal of Orthopaedics

Manuscript No: 47152

Manuscript Type: Retrospective Cohort Study

Alpha angle corrections following two different operative approaches for CAM-type femoral acetabular impingement

Emanuel C Haug, Wendy M Novicoff, and Quanjun Cui

Informed consent statement: Patients were not required to give informed consent to this study because the analysis used anonymous data that were obtained after each patient agreed to treatment by written consent.

Sincerely,

A handwritten signature in black ink, appearing to read 'E. Haug', with a stylized flourish at the end.

Emanuel Haug
