

### **Informed Consent Statement:**

Participation in the study was voluntary. The grandparents, who volunteered to take part in the study, signed a consent form. The questionnaire was translated into a local language for ease of understanding. The questionnaire was read for the grandparents who could not read and their answers were recorded. The questionnaires were completed in the waiting area prior to the patient's appointments.

**Corresponding Author**

**Dr. Rahul Kathariya MDS, (Ph.D)**

A handwritten signature in black ink, appearing to read "Rahul Kathariya", written in a cursive style. The signature is positioned below the printed name of the corresponding author.
