

CONSENT FORM

Title of the study: *The role of rumination in the relationship between metacognition and shyness*

Mr./Ms. has explained to me in sufficient detail the content, procedure, and objective of the above research project as well as the permission to view the data collected. I had the opportunity to ask questions and enough time to decide whether or not to participate in the project.

I have received a copy of both the study information and the consent form.

I agree to participate in this research project.
