

## Informed Consent forms

This is to certify that all the required consent forms from the parents of our 40 patients involved in the retrospective study entitled " Manifestations of COVID-19 infection in children having malignancy in Queen Rania Children's Hospital, Amman-Jordan" were obtained after detailed explanations to the parents of these patients about the study, and that no any personal details will be mentioned in the study including patients names or address.

Consent forms were obtained after having the Institutional Review Board Approval from our institution which is the Royal Medical Services, Jordanian Army, Amman-Jordan.
