

**UNIVERSITY OF AUCKLAND ANIMAL ETHICS COMMITTEE**

25/11/2011

**MEMORANDUM TO:**

Anthony Phillips  
School of Biological Sciences

Dear Anthony,

**Re: R965 - APPROVAL NOTICE**

The Committee has considered your application for ethics approval for your research project R965 titled 'Critical illness and healing' on 25/11/2011. The Committee is pleased to advise you that this application has now been approved for a period of 3 years.

Approval date: 25/11/2011  
Expiry date: 25/11/2014

**Condition of Approval**

All deaths which occur prior to the planned end of experiment must be notified to the AEC so that a post mortem may be performed by the Animal Welfare Officer if necessary. This includes all animals that are found dead or moribund, or are killed due to abnormalities which make them not fit for purpose.

Please note the requirement regarding the reporting of animal use under the Animal Welfare Act 1999. As Responsible Investigator it is your statutory responsibility to provide:

- Annual Animal Usage figures for incorporation into the University consolidated return to MAF.
- An End of Approval Report along with Final Animal Usage figures for the whole project on completion of the project.

All required forms can be found at [www.auckland.ac.nz/ae](http://www.auckland.ac.nz/ae) or can be provided by the Animal Ethics Administrator on request.

Regards,

Hiljanne van der Meer

Animal Ethics Administrator  
University of Auckland Animal Ethics Committee
