

Approval Letter of Animal Ethics Committee of The Sixth People's  
Hospital of Shenyang

**Approval number:** 2017-05-002-01

**Approval date:** 05/17/2017

**Title of Project:** High expression of type I inositol 1,4,5-trisphosphate  
receptor in the kidney of rats with hepatorenal syndrome

**Dates of experiment period:** from 05/18/2017 through 12/18/2017

**The project leader:** Jing-Bo Wang

**Approval comments:** Laboratory Animal Use and Management

Committee has been carefully discussed and voted on May 17<sup>th</sup>, 2017 for  
the subject animal-related content. One hundred and twenty-five SD rats  
were randomly divided into four groups (group G/L, n = 50, group G, n =  
25, group L, n = 25, group NS, n = 25). The design is reasonable.

The ethics committee agreed to carry out a formal experiment.

**Chair of the ethics committee signature:** 

**Date of Signature (mm/dd/yy):** 05/17/2017

**Send To:** 1、 The scientific research department

2、 Laboratory researchers

3、 IACUC
