Clinical Trial/Human Research Approval

Date : Jan. 20, 2020

Protocol Title : Clinical course and outcome in Asian patients with basilar artery occlusion treated conventionally

Protocol No. / CMUH REC No. : / CMUH109-REC2-003

Name of Principal Investigator : Sheng-Ta Tsai (Attending Physician, Neurology Department)

Name of Institution : China Medical University Hospital

Date of Approval : Jan. 18, 2020

Date of Expiration : Jan. 17, 2021

Protocol : Version 01, Date: Jan. 01, 2020

Chinese Synopsis : Version 01, Date: Jan. 01, 2020

English Synopsis : Version 01, Date: Jan. 01, 2020

DSMP : Version 01, Date: 2019/12/25

Frequency of Continuing Review : Once per every 12 months

This is to certify that the above referenced research project has been expedited approved by the Research Ethics Committee (REC) II of the China Medical University and Hospital on Jan. 18, 2020. The REC is organized under, and operates in accordance with, the Good Clinical Practices guidelines and the governmental laws and regulations. The frequency of continuing review for the research project determined by the REC is mentioned above. Please submit a completed progress report at least two months before the time at which continuing review must occur.

All the amendments to the research project should be re-submitted and approved by the REC BEFORE implementation. Also, the principal investigator is required to report all serious adverse events and unanticipated problems involving risks to the subjects or others on time.

Martin M-T Fuh MD, DMSci.

Chairman, Research Ethics Committee II
China Medical University & Hospital
