## Institutional Review Board Statement

Dear Editor,

The manuscript entitled, “**Pharmacological inhibition of cannabinoid receptor 1 stimulates gastric release of nesfatin-1 via the mTOR pathway**” was approved by the “Comité Etico de Investigación Clínica de Galicia”. The Committee in accordance with its standard operating procedures and considering the ethic, methodological and legal requirements needed for research works approved the protocol of the study with the code 2012/135.

Luisa M Seoane

Coordinador Grupo Fisiopatología Endocrina
