

**Dar Al Fouad Hospital**

**Ethical Committee of the Medical Council**

**Request for approval for conducting research**

Dar Al Fouad  
Hospital

---

Title: ..... Hepatocellular Carcinoma Tumor Suppression .....

Principal Investigator: ..... Karim Hosny, MD + GUC .....

Hospital Funding Request: ..... None .....

Conflict of Interest: ..... None .....

Intended Research Time: ..... One year .....

---

Participating researchers will be granted patient access and use of medical records to access patient information and other hospital resources for the duration agreed upon.

Participating researchers agree to follow the ethical committee guidelines of obtaining signed patient's informed consent, adhering to patient safety and patient confidentiality guidelines.

The principal investigator agrees to provide written progress reports when requested by the medical council. Non adherence to the medical council guidelines will lead to termination of the research privileges.
