Approval Form

Date: November 4, 2020

Study ID: Pro00104708

Principal Investigator: [Gavin Low](#)

Study Title: ***Effect of ACR TIRADS Training on Accuracy and Inter-rater Agreement Among Junior Radiology Learners***

Protocol Number:

Approval Expiry Date: Wednesday, November 3, 2021

Thank you for submitting the above study to the Health Research Ethics Board - Health Panel. Your application, including the following, has been reviewed and approved on behalf of the committee;

- TIRADS Research Protocol YD (10/7/2020)
- Master Spreadsheet with Accession Number (10/7/2020)
- Data Collection (No Accession #) (10/7/2020)

The Health Research Ethics Board assessed all matters required by section 50(1)(a) of the Health Information Act. It has been determined that the research described in the ethics application is a retrospective review for which consent for access to personally identifiable health information would not be reasonable, feasible or practical. Consent therefore is not required for access to personally identifiable health information described in the ethics application. In order to comply with the Health Information Act, a copy of the approval form is being sent to the Office of the Information and Privacy Commissioner.

Any proposed changes to the study must be submitted to the REB for approval prior to implementation. A renewal report must be submitted next year prior to the expiry of this approval if your study still requires ethics approval. If you do not renew on or before the renewal expiry date (Wednesday, November 3, 2021), you will have to re-submit an ethics application.

Enquiries regarding Alberta Health approvals should be directed to (780) 407-604. Enquiries regarding Covenant Health approvals should be directed to (780) 735-2274.

Approval by the Research Ethics Board does not encompass authorization to recruit and/or interact with human participants at this time. Researchers still require operational approval as applicable (eg AHS, Covenant Health, ECSD etc) and where in-person interactions are proposed, institutional and operational requirements outlined in the [Resumption of Human Participant Research - June 24, 2020](#) must be met.

Sincerely,

Anthony S. Joyce, PhD.
Chair, Health Research Ethics Board - Health Panel
