To whom it may concern:

**Title of the paper/case report: Charcot-Marie-Tooth Revealed after
Administration of Docetaxel in Advanced Breast Cancer
(CE2693)**

The Bordet Institute's Ethics Committee provides a favorable opinion on the disclosure/publication of a patient clinical history to be reported as a "case report".

The authors undertake to respect the confidentiality, anonymity as well as the quality of the published information. The authors have recorded the consent of the patient in his medical record.
