

**NOT HUMAN SUBJECT RESEARCH DETERMINATION**

Date: September 21, 2022

Title of Project: Influence of Donor and Recipient Hepatitis C Virus Infection on Outcomes after Kidney Transplantation, a Propensity Score Matched National Study across 25 years

Project Lead Name: Qing Yuan

---

The above referenced project does not meet the criteria for human subject research as defined by Mass General Brigham Human Research Office policies and Health and Human Services regulations set forth in 45 CFR 46. Based on the information you provided this activity is not human subjects research because it does not involve human subjects.

The project does not require IRB approval.

This NHR activity is not applicable for Clinicaltrials.gov registration.

Please retain a copy of this letter in your project file.

Please feel free to contact our office directly ([partnersirb@partners.org](mailto:partnersirb@partners.org)) with any questions related to this determination.

Sincerely,

Ben McGill, MS, CIP  
Expedited Specialist II – Human Research Affairs
