## **SPECIFIC COMMENTS TO AUTHORS**

This article used ultrasound-guided local ethanol injection for fertility-preserving cervical pregnancy, which has certain clinical significance. But some opinions are as follows: 1. In INTRODUCTION, the author says "Nevertheless, reports on this topic are scarce." It was lack of reference "A Novel Treatment for Cervical and Cesarean Section Scar Pregnancies by Transvaginal Injection of Absolute Ethanol to Trophoblasts: Efficacy in 19 Cases" It is also recommended to discuss and explain the advantages of this study compared with previous similar documents. 2. For CASE PRESENTATION, it is recommended that paragraphs be adjusted and could be merged appropriately. 3. If the title of this article is named as Ultrasound-guided local ethanol injection for fertility-preserving cervical pregnancy accompanied by fetal heartbeat: Two case reports and literature review, it would be better to add literature review for this treatment.
