SPECIFIC COMMENTS TO AUTHORS

1-Regarding the overview: This is your local experience in your country, can you present for us what is the comparison between your experience and other neurosurgery Hospital in Europe for example ??? 2-From my point of view the number of cases was insufficient to generalize your experience, I think more cases to get solid data 3-In Discussion,, can you explain more about the Infection Control Procedures if you caught positive case of COVID-19 and his neurosurgical condition was emergent ?

SPECIFIC COMMENTS TO AUTHORS

1. Add flow charts of admitting cases for different categories with discharge criteria (in pandemic situation) 2. Add some graphs / tables to differentiate criteria (precovid and during covid situation) -I think this will add value to article
