SPECIFIC COMMENTS TO AUTHORS

The article is within the scope of the journal. The subject is of interest and current in the area of knowledge.   It is well written and easy to read. The conclusions are interesting and represent an advance in the area of knowledge.   However, some improvements would be necessary. Specific: a) It would be necessary to include a broader and deeper state of affairs. b) The concluding section should summarize the scientific contributions made and establish a set of future lines of work. c) Each case study should be better explained.
