SPECIFIC COMMENTS TO AUTHORS

I congratulate the authors for attempting to publish this case. The article needs improvement in several aspects. • Line 8 in introduction should be written as MPM has poor prognosis. • Line 9-13 introduction- grammar errors • There are many grammar errors in the entire manuscript, which need to be addressed. • Presentation and physical examination findings of the patient should be elaborated. History of asbestosis should be mentioned • In the pathological diagnosis mention the microscopic features before IHC
