## SPECIFIC COMMENTS TO AUTHORS

In my opinion, the analyzed topic is interesting enough to attract the readers' attention. I think that the abstract of this article is very clear and well structured. In my opinion, the discussion could be studied in depth and extended. Maybe, it could be useful the evaluation of what is currently known of sarcomas in order to complete the discussion . In particular, I suggest this article to get deeper in the topic: PMID: 37348383. Because of these reasons, the article should be revised and completed. Considered all these points, I think it could be of interest for the readers and, in my opinion, it deserves the priority to be published after minor revisions.
