SPECIFIC COMMENTS TO AUTHORS

In this study, the authors used the CRN position competence as a guide to construct a training program by combining literature search and qualitative interview to provide a reference for training CRN. The study is interesting. Comments: 1. This study is not a review, but a scientometrics study. 2. The manuscript requires a minor editing. Some minor language polishing should be revised. 3. The limit of the study should be listed and discussed. 4. The references list should be edited carefully according to the journal’s guideline.
