SPECIFIC COMMENTS TO AUTHORS

In this study, the authors aimed to investigate the mediating effect of depressive mood and body image on menopausal symptoms and sexual function in perimenopausal women. Overall, this study is well designed and the manuscript is well written. After a minor revision, it can be accepted for publication. Comments to the authors: 1. The manuscript requires a minor editing. 2. Background is missing in the abstract. 3. Tables and figure should be moved to the end of the manuscript. 4. References should be edited and updated.
