SPECIFIC COMMENTS TO AUTHORS

Authors are advised to consider the following points: 1- The introduction part was left with no citation. Also, throughout manuscript, some sentences are missing citation. 2- Minor mistakes in spelling should be corrected, for example "synthesised". 3- Authors are advised to elaborate more about the subject of editorial and present some new information to attract readers attention.

SPECIFIC COMMENTS TO AUTHORS

As it is an editorial, I made subtle changes towards language polishing. On Science, I would appreciate if the authors explain the role of Factorx VIII and XI and its role in anticoagulation. A figure would be a wonderful pathway explanation to readers.
