SPECIFIC COMMENTS TO AUTHORS

Wang et al. presented an interesting case of tumor-to-tumor metastasis. This CRC to ovarian teratoma metastasis has important clinical implications. This case report is well written. This reviewer has some minor suggestions. 1, Introduction, first sentence, may cite a more recent article: Xie Y, Shi L, He X, Luo Y. Gastrointestinal cancers in China, the USA, and Europe. *Gastroenterol Rep (Oxf)*. 2021 Mar 29;9(2):91-104. doi: 10.1093/gastro/goab010. PMID: 34026216; PMCID: PMC8128023. 2, Conclusion. Suggest to lower the tone of the conclusion, because the tumor-to-tumor metastasis may not affect the overall prognosis of CRC.
