## COMMENTS TO AUTHORS

This is an interesting and meaningful topic which brings attention to the health care providers and raises public awareness for the importance of education in reproductive health. The form of study using survey in adolescent population is valid. However the presentation of the paper needs improvement and further editing. There are confusing long sentences which could be broken down by one or more clear sentences with precise expression. Examples would be page 3, line 5 to 7; page 3, line 7-10; page 8, line 10-12.... Grammatical errors occur in multiple locations. Here are a few examples: Page 5, line 3, .... the use of drugs of abuse. Page 6, line 2, title, Sexually and sexual activity Page 7, 5th line from bottom, majority of young males is not aware of these informations .....
