### COMMENTS TO AUTHORS

1. Abstract: Add about the results of topical therapy. 2. Include the data on number of publications retrieved on initial search. Add Inclusion and exclusion criteria applied for writing the review. 3. Instead of 'association' use 'combined topical therapy' 4. Discussion can be omitted as author already covered it under each drug. However, matter of discussion can be used for conclusion. 5. Inconsistencies were observed in writing references. 6. Discuss the surgery and systemic therapy in brief with respect to recurrence of the lesion. Compare it with topical therapy to show its importance. 7. Mentioned about the malignant transformation rate of OHL. Compare treated and non-treated cases with respect to transformation. 8. Use ART instead of HAART.
