COMMENTS TO AUTHORS

It is a well-written case report about extraction of CS lead. The summary of previous reports about the extraction of CS lead should be added, for instance, the cause of the adhesion, the complication of lead extraction.

COMMENTS TO AUTHORS

This is a rare case report about coronary sinus lead extraction using new techniques. This manuscript is nicely structured and well written. I have no question about this manuscript.

COMMENTS TO AUTHORS

The case report of Bontempi and coll shows a challenging extraction of a coronary sinus catheter. The case is interesting and well presented. This reviewer has no further comments.
