SPECIFIC COMMENTS TO AUTHORS

This is a case report study which introduced a patient with gastric fistula treated with endoscopic titanium clip closure. This is an interesting report. However, there still are some problems. 1. The characteristics of the case should be described more detailed and

summarized in a table. 2. Before endoscopic treatment, what kind of treatment the patient received? Please state. 3. In the part of discussion, the advantages and indications of endoscopic titanium clip closure should be mentioned. 4. According to the title, the literature review should be included in the manuscript.
