SPECIFIC COMMENTS TO AUTHORS

The references are to cited according to the style of the journal. You have to clear about the dialytic treatment in the patient's post-operative. The relations between acute pancreatitis and acute hyper-calcemia merit a wider discussion. The patient's CT

SPECIFIC COMMENTS TO AUTHORS

The Authors report a case of hypercalcemia induced acute pancreatitis caused by a functioning parathyroid adenoma in 57-year-old man. Some questions for Authors: 1. it would be appropriate to report the reports in Literature regarding the association
