#### **SPECIFIC COMMENTS TO AUTHORS**

As a clinician, this is an interesting topic and I think it can be very helpful to other clinicians. However, the following parts need to be modified. 1. Numerous typos in the text and figure legend 2. In Figure 4, the staining method and magnification scale are need to described. Also, the arrow and asterisk were not fixed, so I could not read. 3. Can you present a picture of the face before surgery or an image after surgery? 4. It would be nice if the text contained changes in dental occlusion in these patients.

minor revision 1. where are figure legends in manuscript? I couldn't find any figure legend in word file. 2. How can I check that you corrected typos? Please highlight the corrected word or sentences. 3. So, in figure 4, I couldn't see any staining method and magnification scale even inside figure.
