#### **SPECIFIC COMMENTS TO AUTHORS**

This is a rare and interesting case reporting. The intraneural cyst of the lumbosacral plexus presenting as a L5 radiculopathy is a rare event. The author have elaborately detailed the case reporting aided with good illustrative figures. This report will provide the readers of considering such entity in the differential diagnosis in a case of radiculopathy with no obvious disc in the MRI images.

## RE-REVIEW REPORT OF REVISED MANUSCRIPT
