SPECIFIC COMMENTS TO AUTHORS

This paper describes Clinical Analysis of Subtypes of Dopamine Agonist Responsive Burning Mouth Syndrome and provides useful information to our readers. Below is a minor revision of this paper. 1. There are many sentences in the text that do not contain references. You need to provide evidence by adding a reference. 1) Multiple sentences of Introduction 2) Reference for efficacy index 2. Does the patient continue to take medication after symptoms have relieved? 3. Please mention if there are any side effects from the administration of pramipexole, or if all patients have not reported any discomfort.
