COMMENTS TO AUTHORS

This review article does not sound original because earlier systematic reviews and meta-analyses about the same theme were published. However, the reviewer judged a valuable article. Minor criticism: Please revise the reference list according to the rule of submitting.

COMMENTS TO AUTHORS

The authors investigated the association among SHBG (TAAAA)n, AR (CAG)n polymorphism and PCOS risk. The meta-analysis is innovative and the manuscript is well written, but some minor language polishing is needed. Minor point: References: in many cases the family name of authors is not reported. Please check references 1,2,4,5,7,8,9,10,11,12,13,15,16,18,19,20,21,22,24,31,32,33,34,35,36,37,38,39,40,41,42,43,44,45,46. Table 2 is divided in two pages.
