COMMENTS TO AUTHORS

ESPN manuscript NO: 22274 The author reported the 'Expression of epithelial cellular adhesion molecule in gastric cancer: a meta-analysis'. These findings are important to those with closely related research interests. It is well organized and systemically analyzed. But there are some problems in this manuscript. However, the authors should revise several critical points described below. MINOR ESSENTIAL REVISIONS - The authors should be change the Chinese letters to English in Figures. Reviewer hopes that this manuscript would be accepted after minor essential revision.
