<input type="checkbox"/> Grade E (Poor)		<input type="checkbox"/> Existed	<input type="checkbox"/> Major revision
		<input type="checkbox"/> No records	

COMMENTS TO AUTHORS

The authors present herein an interesting report. The topic is not new but well treated and written. However, I still don't know in which category the manuscript could fit. Either it is an editorial and the paper is too long, or it is a review and the manuscript is too short. I would suggest to clarify the category where the authors want to submit the manuscript and then correct the length and the degree of details accordingly.
