COMMENTS TO AUTHORS

There is an interesting paper by Dicksvell (June 2013) that may be worth citing.

COMMENTS TO AUTHORS

Dear Authors, I enjoyed reading the paper. I have several comments and questions: 1. Please mention how the literature review was selected, from which date to which date and which search engine had you used. 2. Would you please give some valid results in figures in order to prove the fact of association of microbiota with gastric cancer. thanks
