<input type="checkbox"/> Grade E (Poor)		<input type="checkbox"/> No records	<input type="checkbox"/> Major revision

COMMENTS TO AUTHORS

In this review the authors addressed the recent staging modalities of gastric cancer, indeed it is well written and informative, yet there are some points to discuss: 1- The role of new endoscopic modalities (like narrow band imaging) in staging of early gastric cancer 2- The role of contrast enhanced endoscopic ultrasound in gastric cancer staging 3- The role of contrast enhanced ultrasound in detection of metastasis
