COMMENTS TO AUTHORS

Major criticisms As the author pointed out, the deflection of the case is seen, most of parameters depends on the case of China. The author should search articles written in other language, such as Russian, Korean and Japanese. Minor criticisms 1.In page10, line3 author should not write "in operative time", but "incidence of reflux esophagitis" 2.The affiliations of the author should be mentioned. Page10, line9 PJI 3.I think some miss-citation Table1. Zherlov - Zhedov 4.The author should put title and figure number obviously on tables and figures.
