COMMENTS TO AUTHORS

This is a well conducted study on very timely topics. The authors can improve this paper with more thorough literature review in the context of tumor changes and immunity. Please discuss following papers.   T Morikawa et al. Clin Cancer Res 2011 describes a link between immunity and STAT3 activation.   D Colussi et al. Int J Mol Sci 2013; and F Bishehsari et al. World J Gastroenterol 2014 are important reviews in colorectal cancer.   S Ogino et al. Nat Rev Clin Oncol 2011 advocates integrated analysis of immunity and tumor factors.   J Galon et al. J Pathol 2014 describes importance of immunity in clinical settings.
