COMMENTS TO AUTHORS

It would be helpful if the introduction had greater detail regarding the morbidity of esophagogastric carcinoma.

COMMENTS TO AUTHORS

The authors report Treatment of esophagogastric junction carcinoma, this paper is strong and after some modification will be a very good candidate for publication in a widely-read peer review publication. COMMENTS: 1) Please add abstract of the manuscript; 2) Please add title between each paragraph; 3) The introduction is somewhat brief. The authors begin by providing a brief background regarding the poor prognosis of esophagogastric junction carcinoma and developments in surgical treatments.
